For 20 years now "The Monty" has been printing news stories about the worldwide heat treating industry. Some of these items are posted and forgotten which is a shame-our opinion is that it is always fun to look back and see how the story continued, such is the case today.

Heat Treat News | The Monty

The heat-treatment problem is difficult to solve because it consists of three mutually coupled problems that must be solved simultaneously, which makes a comprehensive simulation of the quenching process computationally expensive.
