

corporate valuation theory evidence pdf

Corporate finance is an area of finance that deals with sources of funding, the capital structure of corporations, the actions that managers take to increase the value of the firm to the shareholders, and the tools and analysis used to allocate financial resources. The primary goal of corporate finance is to maximize or increase shareholder value. Although it is in principle different from ...

Corporate finance - Wikipedia

The word "corporation" derives from corpus, the Latin word for body, or a "body of people". By the time of Justinian (reigned 527â€"565), Roman law recognized a range of corporate entities under the names universitas, corpus or collegium. These included the state itself (the Populus Romanus), municipalities, and such private associations as sponsors of a religious cult, burial clubs, political ...

Corporation - Wikipedia

1. Introduction. Corporate governance, a phrase that a decade or two ago meant little to all but a handful of scholars and shareholders, has become a mainstream concernâ€"a staple of discussion in corporate boardrooms, academic meetings, and policy circles around the globe.

Game theory is the study of the ways in which interacting choices of economic agents produce outcomes with respect to the preferences (or utilities) of those agents, where the outcomes in question might have been intended by none of the agents. The meaning of this statement will not be clear to the non-expert until each of the italicized words and phrases has been explained and featured in some ...
