### **Economics, 17th Edition - Samuelson & Nordhaus**

Economics has been called a "canonical textbook", and the development of mainstream economic thought has been traced by comparing the fourteen editions under Samuelson's editing. Economics coined the term "neoclassical synthesis" and popularized the concept, bringing a mix of neoclassical economics and Keynesian economics and helping make this the leading school in mainstream economics in the United States and globally in the second half of the 20th century.
