3. Methodological consideration. The main objective of this study was to investigate the relationship between job satisfaction and organisational performance in both directions, and to determine which relationship is stronger, the one between job satisfaction and organisational performance, or between organisational performance and job satisfaction.

A call centre or call center is a centralised office used for receiving or transmitting a large volume of requests by telephone. An inbound call centre is operated by a company to administer incoming product support or information enquiries from consumers. Outbound call centres are operated for telemarketing, solicitation of charitable or political donations, debt collection and market research.
