Awesome book. Great introduction to actual market research (rather than marketing for businesses, etc). My prof said it's a great book to keep on your bookshelf, and I think I agree. This is the 7th version of the book, so not the most recent (8th), but I found it close enough except for the Real Life Research case studies at the end.

Essentials of Marketing Research - Google Books

Marketing Research deals with the design, collection, analysis, and reporting of data relevant to a firm's current and future needs. The trend in Marketing Research, aside from using the Internet to quickly capture marketing data, is the focus on the marketing research student as a manager of marketing research and not actually a practitioner of marketing research.
