

the big five personality pdf

The Big Five personality traits, also known as the five-factor model (FFM) and the OCEAN model, is a taxonomy for personality traits. It is based on common language descriptors. When factor analysis (a statistical technique) is applied to personality survey data, some words used to describe aspects of personality are often applied to the same person. For example, someone described as ...

Big Five personality traits - Wikipedia

The Big Five is a theory of personality traits that identifies five distinct factors as central to personality. Here's an overview of this OCEAN model.
