

the enlightened economy britain pdf

The German economy, like those of many other western nations, suffered the effects of the Great Depression with unemployment soaring around the Wall Street Crash of 1929. When Adolf Hitler became Chancellor in 1933, he introduced policies aimed at improving the economy. The changes included privatization of state industries, autarky, and tariffs on imports.

Economy of Nazi Germany - Wikipedia

A steady-state economy is an economy made up of a constant stock of physical wealth (capital) and a constant population size. In effect, such an economy does not grow in the course of time. The term usually refers to the national economy of a particular country, but it is also applicable to the economic system of a city, a region, or the entire world.
