The literature argues that social innovations often aim to contribute to the welfare of society and improve social capital (Dawson and Daniel, 2010;Morais and Silvestre, 2018).

The Nature of Social Innovation | Request PDF

Social research makes the social world go around. Research, and especially social research, is everywhere, and it touches many aspects of our social lives. Essentially, social research is about investigating and seeking answers to the social questions that we and others ask about our social world. "Investigation" is the key word here.
